Dotmatics

FCS Express

Start Getting Results Today

Learning how to use flow cytometry software should not be an impediment to getting results from your data. FCS Express is designed to look, feel, and work like many familiar Microsoft Office™ programs you already know.

## Know how to use Microsoft PowerPoint and Excel?

FCS Express looks, feels, and works much like familiar Microsoft* Office software so with FCS Express, you are already almost an expert with the software before you even start.

Integrated Spreadsheets Make Analysis Easy

In FCS Express spreadsheets and graphs are integrated and directly linked to your data and gates. Say goodbye to copy and paste.

With FCS Express your analysis is your final result. From basic analysis to high dimensional data reductions, FCS Express is the tool of choice for thousands of researchers around the world.
